Grant Evaluation

Thank you for providing feedback on the grant you received from the Joan M. Wismer Foundation. This form provides a possible format for your report. However, if you have a standard report that your organization typically uses, you may submit that instead.

Whatever format you choose, your report can be mailed to the Foundation Services LLC address, emailed to wismer@fslc.net, or uploaded via an online reporting link. For this last option, you would send a request to wismer@fslc.net with the subject "Link Request". You would then receive an opportunity to access a reporting space online into which you can cut-&-paste your report. The benefit is that it will be directly connected in the system to the original grant request, facilitating tracking and record-keeping.

Date of Report Submission:

- 1. What were the original goals of this effort?*
- 2. In your estimation, was this program or project successful? How did you measure your efforts?*
- 3. How did the program benefit the target population? Were there unexpected beneficiaries?*
- 4. Were there any unanticipated successes or problems?*
- 5. What lessons did you learn from this effort? Is there anything you plan to change or do differently?*
- 6. Please describe how the grant was spent. Did this differ in any way from the original proposal?*
- 7. Will this program or project be continued? If so, briefly outline the anticipated sources of funding.*
